JAPS WILL PRESS FIGHT TO HARBIN

Determined to Push Forward to the Russian Stronghold.

GEN. LINEVITCH CAN'T ESCAPE

Recent Victories Have Spurred the Japs to Greater Exertions—In Rear of Russians and Hanging on With Their Usual Bull-Dog Tenacity.

Paris, March 18.—The Japanese legation has issued an official dispatch from Tokio today, as follows: "Our detachment on the right bank of the Liao routed eight Russian squadrons with artillery which were occupying the heights north of Tieling on Thursday."

London, March 18.—The fighting in Manchuria continues, with the Russians under Linevitch trying to reach Harbin. The Japanese are hanging on their flanks and rear, trying to get between the Russians and their objective point. The retreat has, according to both Japanese and Russian accounts, become a struggle for the Russians to hold together the remnants of Kuropatkin's army and get to Harbin, where there are fresh troops.

Tokio, March 18.—A report to the War Department from Oyama says the Japanese right army under Kuriko, is proceeding rapidly along the Kirlin Road, above Tie Ling. It is supposed the object of the movement is in conjunction with a similar flanking operation of Oku's army on the west and has taken a position in the rear of the Russian remnant retreating towards Harbin, and will isolate it. Oyama mentions large quantities of stores and prisoners taken by the right wing and says the railway station at Tie Ling was constructed by the Russians upon a scale as extensive as that at Liao Yang.

FOUND DEAD WOMAN IN CAB.

Man Also Found in an Unconscious Condition by Police.

New York, March 16.—The body of a woman who had been dead several hours and a man unconscious and apparently dying were found in a cab which was driven up to a Brooklyn police station on a gallop early today.

The man, who was suffering from alcoholism and possibly from the effects of a drug, may recover. Both he and the driver of the cab have been detained by the police pending an investigation of the affair. Although the condition of the man was so serious that he could give the police little information which would aid them in their investigation, he said that his name was Thomas Deegan and that he lived in Monroe street, one of the better class residential sections of Brooklyn. The dead woman, he said was Miss Mary Savage, 30 years old. Both Deegan and Miss Savage were well dressed.

Negro Hanged in Mississippi.

Jackson, Miss., March 17—Governor Vardaman, having refused to grant a respite or commutation to the condemned man, Simon Simmons, a negro whose death sentence was recently affirmed by the supreme court, was hanged in the jail yard at Clarksdale. The trap was sprung by Sheriff M. J. Bouldin, of Coahoma county. The crime for which Simmons was executed was the murder of another negro.

Tennessee Bank Robbed.

Nashville, Tenn., March 17.—A dispatch from Petersburg, Tenn., says that the Bank of Petersburg, a state institution, was entered by burglars at an early hour this morning and about $7,000 stolen. The steel vault was blown open with nitro-glycerine and completely wrecked. The strong box in the safe was emptied by the burglars, who made their escape. There is no clew as to who committed the burglary.

REAR END COLLISION ON "L."

Two Passengers Badly Injured While Others Were Slightly Hurt.

New York, March 17.—Two passengers were injured badly and a dozen others slightly injured while hundreds were thrown into a panic of fear by a rear-end collision between two South bound Sixth avenue elevated trains at Fifty-seventh street and Columbus avenue during the forenoon rush hours today.

A train, which had just stopped at the station, was run into by another that had been following it closely.

Glass in the cars which came in contact was smashed and scattered over the tightly packed passengers and the platform of the rear car of the first train and the motor car of the second were splintered.

The most severely hurt were William McCluskey, who received a badly lacerated wound on his head, and Edward C. Fronk, who suffered a fracture of his knee.

Passengers say that the collision was due to the attempts of the motormen of the rear train to discover how near he would bring his train to the one ahead of him without hitting it.

MILLIONAIRE FOUND DEAD.

Mysterious Death of Wealthy Bostonian in a New York Hotel.

New York, March 17.—Henry B. Reed, a prominent sugar refiner of Boston, Mass., wealthly and highly respected, a director in half a dozen corporations, and senior member of the firm of Nash, Spalding & Co., Broad street commission merchants, has been found dead in his room at the Grand Union hotel under circumstances that pointed at first to his possible murder then to his suicide and last to death from natural causes.

There is even yet somewhat of a mystery in the case, and the police were looking for a woman who accompanied him to the hotel and was registered as "Mrs. Reed." She was not Mrs. Reed. She disappeared from the hotel, whether after his death or before, it is not known.

The woman was observed as she entered the hotel last Sunday night. She was slight of build, fair in feature, about 25 years of age and was attired in dark clothing and hat.

NEW CURE FOR RHEUMATISM.

A Helpless Cripple Uses His Limbs Under a Hypnotic Spell.

Chicago, March 17.—Hypnotism as a cure for rheumatism has been brought to the attention of University of Chicago medical professors by the discoveries and demonstrations of Otto W. Greenberg, a young medical student, who claims to be able to cure the most chronic case of the ailment by hypnotic power.

Young Greenberg's theory was given a trial in a "physiology" class conducted by Prof. Anton J. Carlson. A helpless cripple from the Home for Incurables was brought to the class room on a stretcher and thrown into the hypnotic state by Greenberg. When under the mental influence of the operator the man was told he was to have the use of his limbs. When he was released he was able to move his lower limbs, a feat which he had not accomplished for a long time before.

NO SYMPATHY FOR STRIKERS.

August Belmont Will Hear None of Their Tales of Woe.

New York, March 17.—President August Belmont, of the Interborough company, who has returned from Palm beach to take personal command of the strike situation, announced yesterday that the strikers need expect no sympathy from him with stories of having been sold out by the men who led them.

The fact that Mr. Belmont is president of the Civic Federation, said his personal representative at the office makes no difference. Men who have stories of destitution to tell will be referred to the general offices of the company in the Park row building to make their application for work through the regular channel.

"Mr. Belmont will refuse to confer personally with strikers or any of their committees," said his secretary.

PHILIPPINE POLICY AT LAST ANNOUNCED

Secretary Taft Has Made Public Text of Letter to Blair.

RETENTION TO BE INDEFINITE

The Future of the Islands is Yet Unknown—The Policy Rests Largely With the People—Favors Self-Government When Deemed Capable.

Washington, March 17.—In order to allay any misapprehension relative to the policy of the administration with respect to the future of the Philippines, Secretary Taft yesterday made public the text of a letter which he wrote to John G. Blair of New York, bearing directly on that subject. The secretary's letter says:

"The policy of the administration is the indefinite retention of the Philippines, for the purpose of developing the prosperity and the self-governing capacity of the Filipino people. The policy rests on the conviction that the people are not now capable of self-government, and will not be for a long period of time, certainly not for a generation, and probably not for a longer time than that, and that until they are ready for self-government it would be a violation of trust for the United States to abandon the islands. The question as to the future, however, is one wholly of conjecture. Should they demand self-government, when capable, I should be in favor of giving it to them."

SURRENDER OF THE FLAGS.

Civil War Trophies Await Orders of Southern Governors.

Washington, March 17.—General Ainsworth, the military secretary, has been charged by the secretary of war with the execution of the joint resolution of congress authorizing the return of civil war battle flags.

General Ainsworth will send a circular letter to the governors of all the states known to be interested in the flags now in the custody of the war department, in forming them of the action of congress and asking their wishes with respect to the disposition of the flags borne by regiments of their respective states during the civil war.

There are about 544 of these flags and standards, about 100 being union banners which fell into the hands of the confederates during the war and were surrendered at the close of the war. All of these old flags are now stored in the flag room of the war department, and are said to be in a good state of preservation.

WILL ESCORT THE PRESIDENT.

Confederate Veteran Camp of Louisville Will Perform the Honors.

Louisville, Ky., March 16.—The Geo B. Easting camp, United Confederate Veterans, has accepted the invitation of the committee on arrangements to act as escort to President Roosevelt upon the occasion of his visit to Louisville, April 4.

Thirty-one years ago this camp acted in a similar capacity when President Hayes was entertained here. Arrangements for the reception of President Roosevelt are progressing favorably, but nothing definite will be announced until official notice of his arriving have been received from Washington.

It is expected, however, that the president will come by way of Cincinnati, and in that event the Louisville reception committee will meet his train at LaGrange, a few miles out, on the Louisville and Nashville railroad.

Killed Negro with Lump of Coal.

Charlotte, N. C., March 17.—The state supreme court refused to grant a writ of error in the case of James Linkous, the Radford wife murderer and he will be hanged at Richmond on next Friday. On last Christmas day Linkous killed his wife and adopted son in their home and set the house on fire.

MILL OWNER KILLS MAN.

Trouble Arose Over Trying to Get Operatives to Leave Cotton Mill.

Charlotte, N. C., March 17.—Earl Carpenter, a well-known cotton mill owner shot and instantly killed A. M. Kate, superintendent of the Mims Manufacturing company.

The tragedy occurred on the premises of the Harden Manufacturing company, about 20 miles from this city. Kale went to the house of one of the operatives, it is said, for the purpose of inducing him and his family to move to his mill. Carpenter learned of the object of Kale's visit and confronted him with the charge. A fight ensued in which both drew pistols. Kale shot Carpenter in the breast, inflicting a dangerous, if not fatal, wound, and Carpenter, in turn, fired at Kale, the bullet striking him squarely in the forehead, passing directly through the brain, causing instant death.

Carpenter this evening was said to be in a very precarious condition. He is a son of O. D. Carpenter, one of the best known mill owners in the south.

FOUND AFTER 50 YEARS.

Man Disappeared Half a Century Ago Is Living in Australia.

New York, March 17.—After a search of 12 years, James Travis, of Flushing, L. I., has been located in Australia. He ran away from home fifty-three years ago in a whaling vessel and had long ago been given up for dead by his brothers and others of the family.

Twelve years ago a wealthy relative of the family died and willed James $90,000. Advertisements for the missing man were inserted in newspapers all over the world. The state department also made attempts to find him. Travis finally saw an advertisement in an Australian newspaper and wrote to his family. He had been married, was the father of 11 children, he wrote, and had prospered financially.

The legacy he will now receive has almost doubled in value.

INSURGENT LEADER SLAIN.

Bulgarian Chief and Men Surprised by Gendarmes.

New York, March 17.—Apostol, Bulgarian leader, chief organizer of the long-standing insurrection in the Salonica district, has been killed in the course of a fight with gendarmes, according to a Herald dispatch from Salonica.

In company with 38 of his followers he was surprised by a strong force of gendarmes at a small village near Guesgurli, a place two hours' distant from Salonica.

A fierce fight followed, lasting three hours. At the end of that time only five of the Bulgarians were left alive and they were captured. One gendarme was killed and 11 were wounded. The Bulgarians had been transporting ammunition to one of their strong holds in the mountains.

ACTRESS TO FACE JURY AGAIN.

Nan Paterson Will Again Be Tried for Murder in April.

New York, March 17.—Nan Patterson will be put on trial once more to answer a charge of murdering Caesar Young, the wealthy bookmaker.

This decision has been reached and it was announced at the district attorney's office that the second trial of the case would begin April 10. One jury which was selected to try her on the charge of murder, was discharged after the case was completed because of the severe illness of one of its members. Another jury which heard the case was unable to agree.

Numerous attempts to secure her release on bail since the last trial have failed.

Town Isolated by Landslides.

Santa Barbara, Cal., March 17.—Two landslides have again isolated Santa Barbara from railroad communication with the outside world. One is at Goleta, about 6 miles to the north and the other is 12 miles south, the latter being the most serious. The rainstorm continues with a strong wind from the southeast and apprehension is felt for the ocean boulevard. The rain record for the storm is about 4½ inches up to tonight.

PREACHER SENT TO PRISON FOUR YEARS

J. F. Cordova, Deposed Methodist Minister, Gets Sentence.

TOOK SENTENCE VERY COOLLY

He Got One Year for Abandoning His Wife—Judgment Will be Stayed Until a Writ Has Been Argued—Will Fight to Keep From Prison.

New Brunswick, N. J., March 18.—J. F. Cordova, the deposed Methodist minister, was sentenced this morning to four years in the State prison. He got one year for abandoning his wife and three years for assaulting her. Miss Brown, with whom he twice eloped, was not in court. Her father and brother were. Cordova took the sentence without a tremor. His counsel immediately filed a writ of error, which stays judgment until the writ is argued.

His attorneys will put up a hard fight to keep their client from going to the State prison.

Southern Manufacturers Meet.

Nashville, Tenn., March 17.—The association of Spoke and Hub manufacturers of the south met here today. Peter Lesh, of Memphis, is president, E. O. Buchanan, of Gallatin, Tenn., secretary, and W. E. Small, of Corinth treasurer. The object of the meeting is to combine all spoke manufacturers of finished and club head spokes in the south and southwest, establish a system of uniform grade and prices and form a union in a body with their northern brothers. The intention is also to engage a secretary and inspector who will visit the spoke factories and keep the product of the factories in line.

Dying of Ghost Fright.

Ogdensburg, N. Y., March 17.—A ghost prank played near the village of Arnprior, Ont., as a party of young people were going home from a dance has frightened two women into nervous prostration. Suddenly confronted in the road by the form of a man of giant proportions, wildly crying and moaning, all of the party fled in terror. Several of the women fainted. The "ghost" disappeared, but no one dared go home, and a neighboring farmer took them in for the night. Miss Lapointe and Miss Savoir became seriously ill. Miss Lapointe was sent to a hospital in Ottawa, where there is but little hope of her recovery.

Charlotte Wants Cotton Exchange.

Charlotte, N. C., March 17.—In view of the position taken by the last legislature in regard to what is commonly known as bucket shops, a movement has been started by a number of well known cotton merchants of this city to organize a cotton exchange similar to those in large cities. The brokerage firms here claim that under the present law they are unable to do business and in order to secure the market reports and gossip concerning the markets the merchants here believe that a cotton exchange here is their only recourse.

Many Will Visit Europe.

New York, March 17.—An unprecedented rush is reported by steamship line officials here for booking passages by Americans wishing to cross the Atlantic this summer. From eight to fifteen sailings are, they say, already full, there are long waiting lists for favorite dates and the second cabin accomodations of some new steamers could be sold at first cabin rates if the first class dining room would hold the travelers at one sitting.

Locomotive Blown Up.

Schenectady, N. Y., March 17.—By an explosion on an engine on the New York Central railroad near here the engineer, Elmer E. Allen, of Albany was killed. The engine was examined at this city, but no cause for the explosion can be assigned. The boiler was full and there was not apparent defects in the fire box or boiler. It is thought an explosive was mixed with the coal.

FLETCHER HAS A NEW LEASE ON LIFE

Jury in Famous Chamberlain Murder Case Couldn't Agree.

MISUNDERSTOOD THE CHARGE

From a Standpoint of Law the Jury Reached a Verdict Under Provision of the Charge, but Reported Disagreement and Was Discharged.

After a tedious trial occupying three and a half days, in which Fletcher Watson, colored, was arraigned upon a charge of murder of Garrett V. Chamberlain, the jury has brought in a verdict which gives the defendant a new lease on life, since the jury failed to agree, after eighteen hours' deliberation.

The jury retired at 6:45 o'clock Wednesday afternoon, after hearing the arguments in behalf of the State and defense. No agreement was reached when the court re-convened in the evening of Wednesday, and at 9 o'clock Thursday morning there was apparently still no promise of reaching a verdict. The jury came into open court an hour later, however, and reported through their foreman, L. E. Means, the inability to arrive at a verdict.

"Is the failure of the jury to arrive at a verdict due to a point of law or a point of fact?" queried the court.

"To a point of fact, Your Honor," replied the foreman.

"Then the court directs that the jury return to their room and endeavor to arrive at a verdict," said Judge Wills.

How the Jury Stood.

When the jury retired to their quarters the first vote stood eleven for conviction and one for acquittal. Of those voting for conviction four were for murder in the first degree and seven for murder with recommendation of mercy. The vote remained the same during the night, notwithstanding that several ballots were said to have been taken. In the morning, however, the juror who had been holding out for acquittal agreed to a verdict of murder with recommendation to the mercy of the court.

The Charge Misunderstood.

Had the jury properly understood the charge of Judge Wills, this would have meant a verdict of guilty with a recommendation to mercy, as His Honor's charge was explicit that the jury could find the defendant guilty only by a unanimous vote, but that a majority of the jury could recommend him to the mercy of the court.

When Foreman Means replied to the query of the court as to whether the jury was hung on a point of law or a point of fact, that gentleman made a reverse reply, as it was understood later to be really a point of law. However, it was a technical point and a point which none but a lawyer might perfectly understand. Had the reply been correctly made a verdict with a recommendation to mercy would have been rendered.

The jury in this celebrated case which has attracted so much interest was as follows:

L. E. Means, foreman; J. C. Blitch, Lucius Hall, J. W. Dell, George Kitler, H. L. Beville, J. A. McKinstry, H. J. Bailey, P. Y. Smith, J. L. DeLoach, J. B. Warren, J. M. Cox.

Among other business transacted by the court was the sentence of $100 and costs or six months in jail for Henry McMillan, who pleaded guilty to selling liquor in a dry county.

The judgement against A. E. Summers and H. McL. Grady on the estreated bond of J. M. Fryer was set aside by the payment of costs in the matter. There being no further business court adjourned for the term.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the council." This remedy is for sale by all druggists.

A STARKE MARRIAGE.

Sam T. Dell and Miss Ollie Weeks Were Happily Married Thursday.

Starke was the scene of a quiet but pretty wedding Thursday, the contracting parties being Sam T. Dell of this city and Miss Ollie, the charming daughter of Col. and Mrs. W. T. Weeks of that city. The ceremony which made them man and wife was performed by Rev. J. B. Ley of Live Oak, editor of The Florida Christian Advocate, and an old friend of both the Dell and Weeks families.

The ceremony was performed at the home of the bride's parents, which had been tastefully and appropriately decorated for the occasion. It was a quiet affair, only relatives and a few most intimate friends of the contracting parties being present. Those from Gainesville were Dr. J. M. Dell, brother of the groom, Perry M. Colson, Misses Bessie and Pearl Colson and Merrill Wilcox.

To the happy pair The Sun, with numerous other friends, extends sincere congratulations, with the wish that their path may always be strewn with flowers.

SENIOR EPWORTH LEAGUE.

Interesting Meeting, at Which Much Business Was Transacted.

The Senior Epworth League of the Methodist church held a business meeting after the prayer-meeting service Wednesday evening, at which a great deal of business of importance to the League was transacted. W. R. McKinstry was chairman of the meeting.

Roy E. Huffman was elected treasurer, vice W. W. Watkins, who has removed from the city.

The time for holding the business meetings was changed to Monday after the first Sunday of each month.

A committee of three was appointed to consider the advisability of inviting the State League Convention to meet in this city. This conference will be held in June of the present year.

About twelve applications for membership were read and acted upon favorably. The League is growing rapidly, which is gratifying to those interested.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of consumption, pneumonia, etc., you are lost if you do not get help from Dr. King's New Discovery for Consumption. J. W. McKinnon of Talladega Springs, Ala., writes: "I had been very ill with pneumonia, under the care of two doctors, but was getting no better, when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for bronchitis, coughs and colds. Guaranteed, at all drug stores. Price, 50c and $1. Trial bottle free.

The Colonel's Waterloo.

Col. John M. Fuller of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists, at 50c a bottle.

Incredible Brutality.

It would have been incredible brutality if Charles F. Lemberger of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at all drug stores.

SOCIAL LIFE AT ARCHER.

Dr. and Mrs. DePass Entertain in Honor of Visitors—Other Notes.

Archer, March 17.—Dr. Howard Smith and family of Cordele, Ga., are spending a short time in Archer, visiting friends. They expect to visit Cedar Key before returning home.

Miss Dora Smith, sister of the Doctor, is visiting the family of Dr. DePass.

M. C. McIntosh, formerly a school teacher in Archer, and his brother, who is also a teacher, were calling on friends Tuesday. M. C. McIntosh is assistant to State Superintendent Holloway.

Mr. and Mrs. Lint Osborn have left for a short visit to points in Cuba.

Misses Nellie and Suzaine Treszevant of Memphis, Tenn., are visiting their sister, Mrs. DePass.

Dr. DePass has been quite ill with grippe for the past week, but was in his office today, feeling much better.

C. W. Bauknight has been confined to his bed for a week with the grippe, but is getting better.

Mrs. E. M. Osborn of Dunnellon has a very sick child here with meningetis. She brought the child here to be treated by Dr. DePass. Mrs. Osborn is stopping at E. Thomas' house.

Mrs. A. D. Chamblin will leave today for Bainbridge, Ga., to visit her daughter.

One of the most enjoyable events of the season was the card party given by Dr. and Mrs. DePass on Friday evening last in honor of the latter's sisters, Misses Nell and Suzaine Tresezvant of Memphis, Tenn., and Miss Dora Smith of Atlanta, Ga. It was a spring-time affair and the house was decorated with great bowers of dogwood, wild plum and yellow jessamine, making extremely pretty and picturesque an effective "tout ensemble." Dr. and Mrs. DePass were assisted in receiving by the honorees.

Mrs. DePass wore a gown of dainty pink silk, inset with white lace; Miss Nell Treszevant's gown was a white corded silk, hand embroidered; Miss Suzane Treszevant wore white tucked silk, with medalions of deep cream lace; Miss Smith's gown was a rich shade of changeable taffeta.

Miss Clipton Irwin was the fortunate winner of the ladies' first prize, and the consolation fell to Miss Pauline Curl. The gentleman's first prize was awarded to L. M. Osborn, and the consolation to Mr. McEachin. The score cards were clever and original pen and ink sketches done by Miss Nell Treszevant.

Fudge and salted peanuts were passed around during the evening by litte Misses Louise and Marie DePass, and after the game was concluded refreshments in the form of ices and cakes were served. Dancing wound up the evening's entertainment.

Miss Bettie Miller, Miss Bessie King and J. W. Blanding of Gainesville were guests of Dr. and Mrs. DePass during the evening.

Mrs. Hancock spent a few days in Cedar Key last week, visiting her daughter, Mrs. Fred Cubberly.

MILITARY APPOINTMENTS.

Captain Layton of Gainesville Guards Issues Orders No. 2.

Captain C. R. Layton, commanding Company H, Second Infantry, Florida State Troops, in General Order No. 2, makes the following appointments of non-commissioned officers:

First sergeant, McCook; quartermaster-sergeant, Gore; sergeants, Burnett, Robinson, Carpenter, Morris; corporals, Boyd, Carlisle, Blake, Chitty, Carter L., Holly; lance corporal, Johnson.

Invaluable for Rheumatism.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1902, John C. Degnan, Kinsman, Ill. 25c, 50c and $1. Sold by W. M. Johnson.

Real Estate Transfer.

J. C. Evans, who conducts a mercantile business on West Union street, has purchased the elegant home of Rev. L. W. Moore, corner West Masonic and Arredondo streets. He has occupied the premises with his family for the past year.

This property is among the most desirably located in the city. The house is a modern two-story structure, and was erected about two years ago by Dr. Moore, who was at that time residing here.

Friends of Mr. Evans are congratulating him upon his new possession.

Startling Mortality.

Statistics show startling mortality from appendicitis and peritonitis. To prevent and cure these awful diseases there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, 14 Custom House Place, Chicago, says: "They have no equal for constipation and biliousness." 25c at druggists.

A HAPPY MARRIAGE.

S. C. Dell and Miss Fowler Wed at Melrose—Notes From Alachua.

Alachua, March 16.—The marriage of Miss Leona Fowler to Mr. S. C. Dell, at the home of the bride's parents at Melrose Wednesday afternoon at 2 o'clock, was one of the prettiest of the season, the ceremony being performed by Rev. Moseley of Melrose.

The bride is the daughter of Mr. and Mrs. H. T. Fowler of Melrose, a young lady who is held in high esteem by all who have met her—one who possesses those womanly traits of character which make home happy. She is a sister of Mrs. C. A. Williams of this place and has spent some time here, making hosts of friends who will be glad to welcome her back as Mrs. S. C. Dell.

The groom is the eldest son of Mr. and Mrs. F. B. Dell of Traxler, a young man of sterling worth, who stands high in the estimation of all who know him. By close attention to work he has succeeded, and is manager of the firm of Dell, Jordan & Co., of this place, and numbers his friends by his acquaintances.

The young people will be at home to their friends here after the 20th.

The popularity of this couple was shown by the many beautiful and handsome presents they received.

Misses Claude Maynard and May Dell, Messrs. Rol Reeves and W. T. Roberts attended the Fowler-Dell wedding at Melrose Wednesday.

C. A. Williams is quite sick at his home here.

Misses Mattie and Maria Turner spent Friday at Haynesworth.

Mrs. O. M. Futch has returned from Gainesville.

W. H. Traxler of Traxler, one of the county's largest merchants and cotton buyers, was in the city Tuesday.

Prof. DeLand and Misses Lucy Newsome and Rosa May attended the Teachers' Institute at Gainesville last week.

W. J. Hodge was able to be up last week, after an illness of several weeks.

A good many of our people are sick with la grippe.

Things are warming up for the incorporation of Alachua. It's a good thing—push it along.

Cured Consumption.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and $1. Sold by W. M. Johnson.

K. T. Elects Officers.

At the meeting of Pilgrim Commandery No. 7, Knights Templar, Wednesday evening, the following officers were elected for the ensuing term:

W. R. Steckert, E. C.; J. G. Torrey, G.; W. W. Hampton, C. G.; Geo. W. Hyde, treasurer; A. M. Cushman, recorder; W. B. Higdon, senior warden; W. L. Hill, junior warden; I. E. Webster, prelate; H. E. Taylor, sword bearer; A. P. Morrow, standard bearer; R. McClellan, warden; M. B. Saunders, sentinel.

The Best Cough Syrup.

S. L. Apple, Ex-Probate Judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, $1. Sold by W. M. Johnson.

ODD FELLOWS WILL BE HERE IN APRIL

Grand Lodge of This Noble Order Will Convene in Gainesville.

A BIG MEETING IS EXPECTED

Center Lodge and Members of the Rebekah Degree Are Anticipating Event With Pleasure, and Will Make Extensive Preparations to Entertain.

Center Lodge No. 11, as well as the Rebekah degree of the Independent Order of Odd Fellows in this city, are anticipating with a great deal of interest the assembling of the Grand Lodge of the order in Gainesville in April, and are making extensive preparations for the entertainment of the hundreds of visitors and delegates expected upon that occasion. It is the purpose of the members of the Rebekah degree to entertain their visiting sisters most loyally and fraternally—a manner which will demonstrate the friendship and fraternity of Odd Fellowship.

The Odd Fellows is one of Florida's oldest, strongest and most benevolent orders, and has accomplished more good probably than any other order in the State. In no section of the State can a person go, even into the remotest part, but what an Odd Fellows lodge may be found in the community, and the members of the order as a rule are men of steady manner and sterling worth from a standpoint of morality.

Grand Secretary A. M. Cushman has mailed to the various lodges throughout the State the following circular letter which will be of interest to every Odd Fellow who intends visiting the session of the Grand Lodge:

"The fifth annual session of the Grand Lodge of the Independent Order of Odd Fellows of the State of Florida will convene in the city of Gainesville, Florida, on Tuesday, the 18th day of April, 1905, at ten o'clock a. m.

"The railroads have made the usual round-trip rate of one and one-third fare, plus twenty-five cents, on the certificate plan.

"I herewith enclose a circular of instructions issued by the Southeastern Passenger Association, and urge upon every officer and representative to study it carefully so that all trouble will be avoided as in the past.

"Certificates must be signed by myself, and vised by J. A. Goodwin, City Ticket Office, A. C. L. R. R., as Special Agent.

"Tickets will be on sale four days before the meeting, Sunday not included.

"Trusting there will be a large attendance, I remain,

"Yours fraternally,

"A. M. CUSHMAN, Grand Secretary.

Gives Health, Vigor and Tone.

Herbine is a boon for sufferers from anaemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middlesborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50 cents. Sold by W. M. Johnson.

SSS THE BEST TONIC

When the system gets debilitated and in a run-down condition it needs a tonic and there has never been one discovered that is the equal of S. S. S. It is especially adapted for a systemic remedy, because it contains no strong minerals to derange the stomach and digestion, and affect the liver and bowels. It is made entirely of roots, herbs and barks selected for their purifying and healing qualities, and possesses just the properties that are needed to restore to the body strong robust health. When the blood becomes impure and clogged with waste matters and poisons the body does not receive sufficient nourishment and suffers from debility, weakness, sleeplessness, nervousness, loss of appetite, bad digestion and many other disagreeable symptoms of a disordered blood circulation, and if it is not corrected some form of malignant fever or other dangerous disorder will follow. S. S. S. builds up the broken down constitution, clears the blood of all poisons and impurities and makes it strong and healthy. The nerves are restored to a calm restful state, refreshing sleep is had again, the appetite returns and the whole system is toned up by this great remedy. S. S. S. is a blood purifier and tonic and acts promptly in this run-down depleted condition of the system. Book on the blood and medical advice furnished by our physicians, without charge.

I have used your S. S. S. and found it to be an excellent tonic to build up the general health and give tone and strength to the system. I have used other things highly recommended, but S. S. S. did me more good than everything else combined. As to its tonic properties it gives a splendid appetite, refreshing sleep, and the system undergoes a general building up under its invigorating influence. 548 Woodland Ave., Warren, O. MRS. AN ADVERTISING THOUGHT.

If the advertiser, says The St. Albans Messenger, looks upon his advertisement in the newspaper in the same way he looks upon his display windows and dresses his advertisement as frequently and as artistically as he dresses his windows it will bring rich returns.

The railroads of Florida would do a good business if they would run a few excursions at this season of the year. There are numerous visitors who would take advantage of such rates.

A gentleman who has been watching the progress of the Russian-Jap war with considerable interest said that he thought it looked as though Kuropatkin was trying to lure the Japs into the Arctic Ocean.

Salt is one of the greatest compounds in the world and it saves many lives. A few days ago a woman in St. Louis, who had an operation performed for gastritis, was pronounced by two physicians to be dead. A third physician, however, decided to try the salt solution, and it was injected into her veins and she soon revived. She is now apparently recovering her health.

A HEALTH RESORT.

The health of Gainesville will compare favorably with any city in the South, whether it be in Florida or other States that lay claim to being health resorts. And there are several very good reasons why this is true.

In the first place, the city is located near the center of Alachua, one of the few counties of the State that are in the range of the highest elevation through the central portion. The rainfall is less than in other portions and the drainage is as good as can be found anywhere.

Secondly, we have drinking water that is never tainted with malaria in the least. It is not "just as good" as any in Florida—it is the best. Being an absolutely pure spring water, there is no chance for it to become tainted in any way. This is the most important factor in the health of our city, as it can be drank without causing any injurious effects.

The idea which some people have that the heat is unbearable in midsummer is erroneous, because those who make such statements don't know what they are talking about. It is a fact that the summers are long, but people who are tired of living in the North, where they have nine months of winter, and the other three months of the year very late in the fall, and would like to reverse the order of things and have a little pleasant summer weather during their sojourn on this mundane sphere, are invited to come to Florida and locate in Gainesville.

Those who have tasted know, and as a health resort hundreds who have been here can testify to the truth of the assertions here made.

BEEF AND BUTTER.

A gentleman of this city who has been in the cattle business for some time, is a strong supporter of the Shorthorns in preference to the smaller breeds. His judgment would seem to be good as the best authority that can be found leads one to believe that it is manifestly bad economy to raise cattle to produce milk and butter alone, when breeds are at hand which are good for these purposes besides being valuable for beef. The Jerseys, though good milkers, are practically valueless for other purposes. The cows are puny little things, incapable of producing good calves, and when all is summed up, they are not as good, certainly no better than the Shorthorns as producers of milk. Observation has shown that those farmers who have stuck to Shorthorn blood and made both beef and butter, have been more prosperous than their rivals who ignored beef and looked for dairy products alone. While dairying as a specialty is well enough in its way, those who have studied all sides of the question declare that it is unwise to try to force it upon people who do not want to milk cows and could not get the labor if they did.

As beef cattle, the smaller breeds are little better than farces. Instances are given of steers, which cost to produce not less than $33 at three-year-old, were sold at less than $23 per head. Steers of Shorthorn stock, at similar ages and the same kind of feeding, would bring more than double the money. The lesson to be derived from this is that Shorthorn and other standard beef breeds should be used as sires to give the best results for both beef and milk production. In some sections the exclusive use of dairy sires, especially of Jersey blood, has done incalculable damage to the live stock interests. The true policy, therefore, is to combine the two objects of producing good cattle for beef while raising cows of the same class to keep up the dairy products.

JUDGE LIDDON.

In conversation with a reporter of The Daily Capital at Tallahassee a few days ago, regarding the proceedings for disbarment instituted against him, Judge Liddon is quoted as having said:

"The charges against me, of course, are frivolous, false and unsusceptible of any proof whatsoever. They are not believed by any one who knows me. I am not disturbed by this matter, because it is not at all a bona fide proceeding. I do not care to say anything further on the subject now, being wholly disinclined, as I said at the outset, to debate a matter before the courts in the public press; but you may state very positively, that when this matter comes up in due course before Judge Parkhill, which will be at an early date, my answer to every charge made against me will be complete and entirely satisfactory to all of my friends."

FIELD MARSHAL OYAMA.

Undefeated since he took the field, Marshal Marquis Oyama has proven himself the bulldog of the East by his persistent pugnacity, and his ability to instill into troops a most sublime degree of confidence, leaves no doubt as to the outcome, placing him alongside of the great commanders-in-chief of history.

In every undertaking since the outbreak of the Russo-Japanese war he has proved himself master of the situation. The punishment inflicted upon the Czar's troops at Yentai, Liao Yang and Mukden, three of the bloodiest engagements in the history of warfare, speaks volumes for the prowess of the Mikado's commander-in-chief. Given less patriotic troops, surrounded by a staff inferior to the men who have rendered such valiant service, there might have been a different story to chronicle, but it is inconceivable that there could have been any change in the ultimate results with such a presiding genius at the head of an army.

The Russians have demonstrated their fighting ability in no uncertain manner; to question their individual bravery would be unjustified. But there has been lacking in their campaign that initiative which has marked the course of the Japanese from the outset. Given a leader like Oyama, they might have given a better account of themselves. What the doughty field marshal's future may hold in store is problematic, but whatever the final outcome, Marshal Oyama has established a record which will go down through history, and which today makes him the most important figure the military world knows.

BROWARD CLAIM UPHELD.

By his decision in the ejectment suit of Judge J. W. Malone vs T. J. Youmans, at Arcadia Tuesday, says The Tampa Tribune, Judge J. B. Wall upheld the contention of Governor N. B. Broward, made in his campaign speeches and announced as one of the policies of his administration as Governor, that the legislative land-grants to the railroads do not hold good as against land-grants made by the trustees of the State's internal improvement fund.

The case has been in circuit court for DeSoto county for two days. Yesterday Judge Wall instructed the jury to render a verdict in favor of the plaintiff. The case will be appealed to the Supreme Court and thus a test case will be made before the highest court on the claims of Governor Broward that the grants of lands to the railroads made by the Legislature are invalid and that the State is entitled to recover the large tsacts of land thus conveyed to the corporations.

Judge Malone claimed title to a piece of land under a grant from the trustees of the internal improvement fund, while Youmans claimed the title under a railroad land grant.

REGARDING COTTON.

President Jordan of the Southern Cotton Association has given out some very interesting information concerning the cotton crop, which will be of interest to every grower in Florida. In a recent statement he said:

"Every man who is engaged in the production of a staple crop as valuable as cotton should not only know all of the details of the business as it relates to his individual farm, but he should also be informed as to the entire situation throughout the cotton belt. We should not only be informed as to the question of production, but it is absolutely necessary that the people of the South know all about the handling, disposition and uses to which our cotton is put after it passes from the control of the producer. Without a full knowledge of all these essential matters, it will be utterly impossible to ever arrive at a proper system of marketing the crop, or to know its full value. With that object in view, the Southern Cotton Association is now proceeding to secure information covering in detail the various foreign countries to which our cotton is shipped, the character of goods into which it is manufactured, where such goods are sold and the price received for the finished fabric after it passes from the manufacturer into the hands of the jobber or commission merchant. In other words, the Southern Cotton Association proposes to work out a detailed system of every item of cost which enters into the handling of a cotton from the local market, where it is sold until it is finally landed under the spinner's room, and from there until it finds its way into the hands of the individual consumer. The people of the South will then know, as they should, every item of detail which enters into the production, sale and consumption of the greatest agricultural crop which is today raised upon the face of the globe.

"With this information in hand, we can set about ways and means for at least fixing the minimum price on our cotton which will show a profit to the producers, and, as time rolls on, be able to demand the maximum price which will give to the producer all profit to which he is entitled and at the same time enable the spinner to declare fair and reasonable dividends to the stockholders of the cotton milling interests of the world. When this is done the speculator, who has for the past thirty years been the principal instrument of fixing the price of this great staple product (more often to the detriment of the producer than to his interest), will be largely retired from the cotton industry of the world, and forced to engage in an honest and legitimate business. There is no crop of such magnitude and value that is dominated by the speculator to the extent of the cotton crop of the South. There is no crop which, under a proper system of handling, could be more easily and successfully marketed without the aid and co-operation of the speculator, than the American crop."

GERMANS IN FLORIDA.

Another large colony of Germans is expected to arrive in Pensacola the first of April, and they will locate in the territory known as the Perdido section, having been induced to come to Florida by the Pensacola Investment Company.

Experience in the Northern States has shown that the Germans and Dutch make as good citizens as any who have settled in that part of the country, and among the thrifty farmers of Ohio, Indiana, Michigan and Wisconsin, the Germans predominated. They are industrious and in nearly every instance build good homes and attend strictly to their own business. In their business transactions they are scrupulously honest, and it is seldom you will find a lazy person in a household of Germans, the men, women and children all taking hold when they start out to make a home wherever they may locate.

In communities where they are found in great numbers there is always thrift, the laws are obeyed, and no fear need be had of their being anything but good citizens, as they are generally too busy attending to their own affairs to interfere with others.

The State of Florida can furnish plenty of lands that are better than many of these people occupy in the North, where they have settled in the woods and by hard labor brought forth from those dense forests many beautiful farms, occupied with substantial buildings, and in a section where advantages are not to be compared with the lands in this State to be had at a very small price.

SOLDIERS' HOME.

A soldiers' home in Florida would be a wise move on the part of the general government, and would afford a place for the disabled soldiers and sailors that would be appreciated by many more than any one of the various homes in the United States.

The congenial climate of the State eminently fits it for such an institution and there are many old soldiers who prefer to spend their last days in the Sunny South, the home of their younger days, and where they have friends and relatives they could visit occasionally without making a long journey from the more Northern homes now established.

There are hundreds of old soldiers in Florida, and in a few years they will be in need of a place to live. With the hearty co-operation of the Florida delegation in Congress, there will be no serious obstacles to overcome in securing the desired end.

The keeper of a Tampa saloon, where gambling is allowed, was fined $300 and costs and ninety days in jail in Judge Whitaker's court Thursday. He warned the gamblers a few days ago, so it was not unexpected.

The Colonel's Waterloo.

Col. John M. Fuller of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists, at 50c a bottle.

The recent rains in Florida have been a blessing to the State, for which the people, especially those engaged in agricultural pursuits, are truly grateful. But while we have had a little disagreeable weather, it has been nothing compared to the deluge experienced in California, where the railroads have been blocked for several days and great damage has been done. Florida is a little frosty some times, but it will compare, on the whole, with other winter resorts quite favorably.

W. TAYLOR MAY GET BIG CONTRACT

May Make Geodetic Survey For Great Florida Canals.

THE JOB WILL BE A BIG ONE

Two Extensive Surveys Will be Necessary, in Which Dozens of Civil Engineers and Surveyors Will be Required—Enormous Undertaking.

Alexander W. Taylor, geodetic surveyor, civil and mining engineer of this city, is in correspondence with high officials relative to running a series of random lines of levels across the State of Florida for the purpose of ascertaining the best route for a ship canal, from a point near the mouth of the St. Marys river on the Atlantic side, running westward to the Suwannee river and Gulf of Mexico; and from the waters of Rice Creek on the St. Johns river across to the Withlacoochee river on the Gulf.

Mr. Taylor will probably have full charge of this important work as resident engineer, and will require the services of several assistant engineers and a large corps of workmen and teams. He expects to complete the work by the coming fall or winter, and make a good thing financially out of the job.

A DELIGHTFUL DINNER.

Captain and Mrs. J. M. Dell Entertain in Honor of "New Daughter."

Captain and Mrs. J. Maxey Dell entertained a few special friends and relatives at dinner Friday evening in honor of Mr. and Mrs. Sam T. Dell, who were married at Starke on Thursday afternoon.

Mr. and Mrs. Dell arrived via the Seaboard evening train Friday evening and went directly to the home of the former's parents, where a jolly party was awaiting them. They were received by Captain and Mrs. Dell with open arms and bade to enjoy the hospitalities and love of the household. A large dinner had been prepared and at 6 o'clock was served in a most sumptuous and inviting style.

There were present at this dinner, besides the immediate family, Col. and Mrs. John B. Dell and family, Mrs. J. A. Williams and daughter, Miss Cary, of Alachua, Mrs. R. T. Frederick of Alachua, Dr. E. Lartigue, wife and daughter, P. M. Colson and family, Miss Julia King, Miss Annie Ellis, Shannon Dell and George and Marion Dell.

The bride, Miss Ollie Weeks, is the accomplished daughter of Hon. and Mrs. W. T. Weeks of Starke, who are among the best people of Bradford county. She will in future make her home with Captain and Mrs. Dell, parents of the groom, and a pleasant future is assured her.

Mr. Dell's numerous friends are congratulating him upon receiving such a jewel as a wife. He is one of the most widely known and most popular young men of this section, born of fine parentage, and deserves the woman of his choice.

TO BUY MORE STOCK.

N. A. Callison Departed Saturday for Fort Worth, Tex., to Buy Stock.

N. A. Callison, manager of the Spring Park Stock Farm Company of Bennington, departed Saturday for Fort Worth, Texas, where he goes for the purpose of purchasing another carload of fine registered stock for the farm.

Mr. Callison was a few weeks ago in the West, where he purchased a number of cows and hogs, five of the former being the prize-winners at the St. Louis fair. He later made extensive purchases at the famous Vanderbilt estate, Biltmore, N. C., and altogether the farm is one of the best-stocked in the South.

Mr. Callison and the other gentlemen at the head of the enterprise are determined to make Spring Park farm the banner stock farm of the State, and they are spending the money to do it.

Mr. Callison expects to be absent about ten days.

A Handsome Sign.

One of the handsomest signs ever displayed in Florida is the large board of the Gainesville Gas and Electric Power Company, which has just been placed in front of the company's office, East Liberty street. The board is thirty-three feet in length, two feet deep, and contains 272 lights of two candle power each. The sign is a credit to the energy of Manager Doig of the company, and will attract the attention of everyone who passes.

A SUDDEN DEATH.

John Rabbi Falls Dead From Heart Failure Friday Evening.

John Rabbi, a respectable colored resident of this city, died suddenly of heart failure at his home in the vicinity of the Seaboard Air Line depot at a late hour Friday evening.

Rabbi, who had performed a hard day's work, went to his home in apparently good health physically. He was in his usual agreeable mood, and talked happily with his family. He started across the street to speak to an acquaintance, when he suddenly reeled and fell, and was dead before a physician could reach him.

The funeral was held Saturday, and was attended by a large number of friends of the deceased.

CRAWFORD PROPERTY SOLD.

One of the Most Desirable Properties in the City Changes Hands.

The Crawford property, 306 West Masonic street, has been sold, and Mrs. J. R. Emerson was the purchaser. The property, which comprises an elegant lot and a most desirable house of ten rooms, was the property of Mrs. M. A. Whetstone, and has been used to advantage as a boarding house for several years.

Mrs. Emerson's friends are congratulating her upon this purchase. She proposes to materially improve the place within the next few weeks, after which it will make one of the most desirable homes in the city.

Incredible Brutality.

It would have been incredible brutality if Charles F. Lemberger of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at all drug stores.

"Fair Daffodil."

The idea was not a very pleasant one, driving through the country tonight to catch an early train, but we arrived in Gainesville today too late for the Chautauqua and the disappointment made one cross and irritable. In Florida one whole month, and then to have missed it!

We secured a few souvenirs, characteristic of the pretty city, and were waiting for the hot chocolate. "Will we ever be served?" I asked, crossly. Aunt Mollie never loses her temper. "You should be wearing indigo, and not the green," she told me. I looked down at my shamrock, the emblem of love and mirth, and my thoughts went to where the tiny flower grew, away to the hills of Ireland, and the homesickness was so strong upon me, the longing for the old home and faces, it was as if the weight of a thousand years was upon my heart.

There's not a stone, nor scarce a place in the old land that I do not know and love, and no American turns more loyally to his beloved stars and stripes than does this small woman to the green and gold of the Irish nation; and once more in June I shall see again "the dawn on the hills of Ireland." A sound as soft as a breeze from Killarney brought me to earth again. It was a girl's voice, and to my tired ears the most welcome sound heard since leaving home. It's a rare thing, a beautiful voice, but I heard one in Gainesville—one as clear and sweet as the bells of Shandon. Inquisitive and curious, you will say, but I plead guilty of being a woman, and asked who she was, and her name is as lovely as her voice. The bright blue dress with its white reliefs was vastly becoming, and I know it was the lepracoun who made that saucy little cap. It gave me the greatest pleasure to watch it resting upon that bright hair, and to think what relief and comfort it must bring to many homes.

It is our desire to return and spend next winter in Gainesville (as we got but a glimpse of it), and I want to see again and know my "Fair Daffodil," for that voice was the open sesame to my heart, just so as I was told it did to the impulsive, warm-hearted people of Gainesville.

As it is my wish that Miss C. will not think me impertinent, but will accept this with the sincerest admiration of MARY ANGELA O'DONNELL.

Feeling Good

Is an experience that don't always go with new shoes unless you get them at SMITH'S. Then you can't help feeling joyful and happy, for all the pain of "breaking them in" is discounted, and you are sure of a perfect fit. Comfort, with all the style, grace and beauty that it is possible to put into a shoe, enters into those we sell—the result of years of experience, skill and perseverence. The Genuine Article.

The coming of St. Patrick's Day Friday was observed by a great many people of Gainesville by the wearing of the green, but when it came down to the real thing Rev. P. J. Lynch was distinguished for having the only genuine shamrock, imported direct from Ireland, in his buttonsire. The shamrock came from County Cavan, the original home of Father Lynch, and was sent by thoughtful relatives. The reverend gentleman good-naturedly remarked that the very sight of that native shamrock had a tendency to make him a bit homesick.

Startling Mortality.

Statistics show startling mortality from appendicitis and peritonitis. To prevent and cure these awful diseases there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, 14 Custom House Place, Chicago, says: "They have no equal for constipation and biliousness." 25c at druggists.

THE CREEK INDIANS.

How They Lived in the Early Days in Indian Territory.

In early days in Indian Territory the Creeks had a simple but abundant food always on hand. Among the edibles were sweet potatoes, almost white in flesh, with a brilliant crimson skin. These were stored in dry sand in little cellars dug under the floor of the kitchen cabins, where they were kept perfectly until the next summer. Yellow yams, weighing often six, eight and ten pounds, were also raised. Corn was their standby, and the soil and climate seemed especially favorable to it in all the different varieties they cultivated for their household use. There was the early corn for the roasting ears, the kind that was cooked with the sacred new fire at the annual busk when the first fruits of the year had been offered to the spirits; the soft white flour corn that, beaten in the great wooden mortars, made delicious bread; the hard, flinty corn which, hulled in the mortars, was the basis for sofkey, the great national dish, and, besides, there was rank growing field corn for stock food. Where the cornfields were, pumpkins were also raised, and the late summer and autumn found scaffolds near the cabins with poles strung with sections of pumpkins drying in the sunshine. Corn was boiled on the cob and plaited in long festoons to dry for winter use, and many varieties of beans and field peas were also dried and stored. Wonderful melons were raised in large quantities of such size and quality that they were surpassed by those of no other country.—Kansas City Journal.

Flying Powers of the Swallow.

Not only do swallows capture all their insect food while on the wing; they also invariably drink while flying, and they even feed their young on the wing, especially the house martins, although it is very difficult to observe them performing the feat, so quickly is it done. As the young birds arrive at full growth they soon become impatient of confinement and sit all day with their heads out of the entrance to the nest, where the dams, by clinging to the nest, supply them with food from morning till night, and it is during this period that the young are fed on the wing by the parents. Then, again, the house swallow will wash itself by dropping into the water as it flies.

Women find quick relief in Dr. Thacher's Liver and Blood Syrup.

MAX MULLER'S CHANGE.

The Famous Philologist Sorely Needed It When It Came.

When Max Muller, the famous philologist, first arrived in England in 1847, at the invitation of the East India company, he was often obliged to exercise the greatest care in order to eke out his somewhat limited income. Concerning this period of his life an interesting story is told in "The Life and Letters of Muller," edited by his wife.

One day Muller left his spectacles, which he had broken, to be mended at a shop in the Strand, and on calling to fetch them he laid down a sovereign to pay for them. The shopman returned him change for half a sovereign and persisted that Muller had only given him 10 shillings. It was in vain to remonstrate. The man only became abusive to the unmistakable foreigner in a well worn coat, and Muller left the shop, sadly aware that the missing 10 shillings represented several dinners which he must give up.

Some days passed dinnerless when one evening the man rushed out of the shop as Muller was passing with 10 shillings in his hand, which he held out to him.

"Oh, sir," he said, "I have watched for you several days. You were right. I found I had 10 shillings too much when I counted up my money that evening, and I have longed to give it back to you," adding, "for you look as if you wanted it!"

NOTICE FOR PUBLICATION.

U. S. Land Office at Gainesville, Fla., March 1, 1905.

Notice is hereby given that in compliance with the provisions of the Act of Congress of June 3, 1878, entitled "An Act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the public land States by Act of August 4, 1892, James W. Douglass of Grady, county of Lafayette, State of Florida, has this day filed in this office his sworn statement No. 131, for the purchase of the Lot 2 of Section No. 1, in Township No 7 S., Range No. 13 E., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before Register and Receiver at Gainesville, Florida, on Monday, the 8th day of May, 1905.

He names as witnesses: C. C. Hathcox of Hatch Bend, Fla.; C. A. Howell of Hatch Bend, Fla.; E. D. Dedge of Grady, Fla.; J. H. Cribbs of Grady, Fla.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 8th day of May, 1905.

ANDERSON AGAIN A FREE CITIZEN

Released From Charge of the Murder of G. V. Chamberlain.

BREATHES FRESH AIR AGAIN

Was Arrested in Georgia and Brought Here by Deputy Sheriff Stokes, but Evidence Was Too Weak to Warrant Holding of the Man.

George Anderson, the negro who was arrested in Homerville, Ga., and brought to this city a few days ago charged with the murder of Garrett V. Chamberlain, is again a free man, having Thursday been released from the custody of the law.

Anderson, it appears, was employed at the naval stores farm of Osteen & Herrin, near Micanopy, at the time of the sad killing of Mr. Chamberlain. For several days afterward Anderson continued his occupation, but decided to leave and went to Georgia. In the meantime Fletcher Watson was arrested, charged with the murder, but Deputy Sheriff Stokes believed that Anderson was guilty and caused his arrest and imprisonment in Georgia, after a lapse of several months. Acting under Officer Stokes' instructions the sheriff of Homerville apprehended the man and telegraphed Mr. Stokes, who brought him here.

It seems that this man (Anderson) has been a kind of "white elephant" ever since he was brought here. It was intended to give him a preliminary hearing before Justice Colman, and various witnesses were summoned, but when the time arrived for holding the trial, Saturday of the past week, the matter was discussed, and inasmuch as the crime for which Anderson was charged was committed in another district Justice Colman refused to sit upon the case, referring the same to Justice Smith of Micanopy. The man was remanded to jail in this city, and the question of disposing of him was rather a knotty one, since the Micanopy justice did not seem particularly anxious to try the case. After the jury in the Fletcher Watson case failed to agree Thursday it was decided to release Anderson, as the officers state there was no evidence to hold him, and Anderson is once more a free and happy man.

A Demented Woman.

Deputy Sheriff J. Lee Stokes of Micanopy arrived in the city Friday, having in custody Caroline Preston, a colored unfortunate who was adjudged insane.

Officer Stokes stated that the woman has been acting very strangely for the past few weeks, and her neighbors declared she was crazy. Being of a rather superstitious nature, the neighbors requested that she be brought to Gainesville and examined for lunacy.

The examining board comprised Dr. J. Harrison Hodges, Dr. E. Lartigue and D. A. Robertson. The report was as above stated. The unfortunate woman labors under the hallucination that some one is trying to poison her. During the day she begged pitifully to be returned to her home and children, the youngest of which is an infant of only a few months.

An attendant of the State Hospital for the Insane has been sent for, and upon his arrival the woman will be taken to Chattahoochee.

Resolutions.

Whereas, it has pleased Almighty God, on the 1st day of March, 1905, to deprive by death our esteemed brother, J. M. Guynn, of his beloved wife, Therefore be it by Alachua Lodge No. 26, F. & A. M.

Resolved, First, That while we bow in humble submission to the will of the Great Creator, yet we desire to express our profound sorrow in the loss Brother Guynn has thus sustained.

Second, That we extend to Brother Guynn our heartfelt sympathy in this sore trial and bereavement.

Champion Liniment for Rheumatism.

Chas. Drake, a mail carrier at Chapinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of anyone suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by all druggists.

MR. DOIG'S INVENTION.

Manufactured a Bean Huller Which Worked Perfectly.

As an inventor James Doig is a success. He has a most ingenious turn of mind which may some day prove of great profit to him.

It will be remembered that several years ago Mr. Doig conceived the idea of improvement on the English Sea Island cotton gin. He put his idea into execution, with the result that the Doig gin was found to be far surperior to anything of the kind previously manufactured, and the firm of H. F. Dutton & Co. established a factory for their manufacture. There is today a great many Doig gins throughout the country, the majority of the large ginning plants using them.

Mr. Doig's latest invention is a velvet bean huller, which idea was his own. This huller was manufactured at the gin plant for Spring Park Farm. From the moment the power was turned on the machine worked beautifully, successfully hulling and cleaning forty-five bushels per hour.

"The invention is a new one," remarked Mr. Doig. "While this machine works nicely I see some room for improvement, and naturally as we become more familiar with the machine and its manufacture we will remedy these imperfections."

Manager Callison of the farm is well pleased with the machine.

OFF TO THE MINES.

Neil Guyton, for Murder of Kate Martin, Goes Up for Life.

Because on the impulse of an evil moment Neil Guyton, colored, murdered Katie Martin at her home near Newberry in December of last year, he has sacrificed his liberty for the remainder of his natural life, and was Friday taken to the mines at Holder by recruiting Officer T. E. Bridges of Ocala.

Guyton was arraigned at the last session of the circuit court upon the charge of murder and pleaded guilty, asking the mercy of the court, which was shown him, the court having sentenced him to imprisonment at hard labor for life.

Guyton was gazed upon by a curious crowd, as he stood with his iron bracelets at the station waiting for the train. He seemed to be little concerned, however, and laughed and talked with those of his friends about him.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The family medicine in thousands of homes for 52 years—Dr. Thacher's Liver and Blood Syrup.

"Hobson's Choice"

Tobias Hobson was the first man in England who let out hackney horses.

When anyone wished to hire a horse, he was obliged to take the one standing nearest the stable door—he had no selection. Hence the old proverb, so familiar now, was born:

"To elect there is but one—
'Tis Hobson's choice—take that or none."

Before the introduction of **Uneeda Biscuit** buying soda crackers in a paper bag, was like hiring Hobson's horses—there was no choice. In kind and quality there was but one—take that or else take none. Whether stale, soggy, dirty or old—'twas ever the same "Hobson's Choice."

Uneeda Biscuit in air tight packages have revolutionized this old method and set an example that has received the stamp of public approval, as the sale of over 300,000,000 5c packages attest.

Mrs. E. K. Foster of Philadelphia, who has been here for the past few weeks as the guest of her nephew, Captain C. R. Layton, departed yesterday for St. Augustine, where she will spend a while with relatives before returning to her Northern home. Mrs. Foster is well known here, having been a resident of Gainesville for several years. Her numerous friends were delighted to greet her again.

READ THIS.

Lexington, Tenn., June 5, 1901.

This is to certify that about March last I suffered intensely with my back and kidneys. Just prior to this I had undergone treatment for bladder trouble and was relieved, except the treatment was followed by the above trouble. It was recommended that I try "Texas Wonder, Hall's Great Discovery." I took one dose on retiring at night, and to my agreeable astonishment, I found myself relieved. One dose did the work. There is no bosh about this. It is wonderful.

Respectfully,
C. R. SCOTT,
Proprietor Scott House, formerly county chief clerk, postmaster, etc.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Prof. A. J. Foskett, who has been suffering with cold in the eye at his room, 202 South Pleasant street, for the past month, was yesterday transferred to the Odd Fellows' Sanitarium, where it is to be hoped the services of trained nurses and proper medical attention will soon prove of sufficient benefit to relieve him to the extent that he may come upon the street again. Prof. Foskett is very grateful to his friends for attention during his illness.

Mrs. J. H. Alderman and Miss Celia Johnson have returned from White Springs, where they have been for the past two weeks for the benefit of the former's health. They were accompanied by Dr. Alderman, who went to bring them home. Friends will regret to learn that Mrs. Alderman's condition was but little benefited by the change. While at the Springs the ladies were the guests of Mr. and Mrs. John W. Ettel of the Hamilton, and are loud in their praise of this excellent hostelry.

From Saturday's Daily Sun.

S. D. Thomas was in the city from Windsor yesterday.

Mrs. Robert Barton of Rocky Point was in the city yesterday. She was en route home from Hawthorn, where she had been on a visit to relatives.

J. L. Medlin of Meredith and George S. Main of Rocky Point were in the city yesterday. Mr. Main is agent for the Gainesville & Gulf Railway at Rocky Point.

Refrigerators, garden hose and water coolers at our store now. The S. J. Thomas Co.

J. E. Clemmons of Brooker, one of the best farmers of that section, was in the city yesterday and made The Sun an agreeable call, having his name enrolled upon the subscription list.

F. W. Polk and son, A. J. Polk, of Cadillac were in the city yesterday and made The Sun an agreeable call. Mr. Polk is one of the most progressive citizens in his section, and has made a great success at farming.

Mr. and Mrs. S. C. Dell of Alachua passed through the city Friday en route to their home from Melrose, where they were married Wednesday. Mr. Dell is one of Alachua's most promising young men, and his friends are congratulating him on his marriage.

Mrs. William Sutherland and her interesting little son, Frederick William, are in the city from High Springs. They are the guests of the former's sister, Mrs. M. B. Saunders. Mrs. Sutherland has many friends here who are glad to greet her again.

L. J. Clary, David Wilks and Frank Morgan of Morriston, DaCosta Cellon of Hague, Allen Connelly, Asbury Thomas and J. B. Cauthern of LaCrosse, W. W. Bruce and J. H. Howard of Fairbanks, A. B. Zetrouer of Rochelle, J. R. Hague of Hague and R. S. Davis of Alachua were among those who favored Gainesville with a visit yesterday.

After an absence of two months in Jacksonville P. H. Westgaard has returned to this city, where he will in future be connected with the Gainesville Foundry and Machine Works. Mr. Westgaard for some time owned and conducted a machine shop here, but sold his interests to the firm by whom he will now be employed. He is quite popular among the miners and sawmill men throughout this section, and will no doubt bring a great deal of business this way. Friends are glad to welcome him again.

Hon. Henry S. Chubb, receiver of the United States land office, has returned from Winter Park, where he has been on a visit to his family. Col. Chubb states that Orange county was never in a more prosperous condition in its history from every standpoint. The orange trees are blooming and shedding their fragrance throughout that section, and the prospects are for the best crop of the golden fruit ever known in that section. The tourists and winter residents are as thick as the proverbial bee, the hotels and boarding houses are crowded, and altogether Winter Park and Orlando are enjoying a most prosperous season.

John G. Dampier and son, Harry, of Hague were among those who paid Gainesville a visit yesterday. Mr. Dampier, who is chairman of the Board of County Commissioners, is enthusiastic on the road which is being constructed as an object-lesson road by the government. It is the Paradise road, and two miles, from North Gainesville Hall, will be constructed if the necessary funds can be raised. The county donated $1,200 to the enterprise, and the remainder must be raised by the public. Padgett & Black subscribed $84.50, Crawford & Davis $25, W. R. Thomas $25 and the Florida Fertilizer Company $15, but more is needed, and Mr. Dampier has the list. Do not have a hesitancy in placing your name on the list.

Farewell, But Not Forever.

The guests at the Odd Fellows' Home bid adieu to one of their number yesterday, in the person of Hon. Geo. A. Floding, who left for St. Augustine in the afternoon, on his way to his home in Huntington, W. Va. Mr. Floding came to Gainesville for his health and has enjoyed the winter without any bad effects. He has made many friends while here and all at the Home were loth to see him go.

After dinner the guests assembled in the parlor and joined in singing "God be With You Till We Meet Again," after which Mr. Floding very feelingly thanked all for the friendly interest manifested. Mr. Floding is so pleased with Gainesville and the Home that he expects to return next fall and bring his wife and child to remain during the winter. He may build a winter home here later.

Picnic Parties.

There were two picnic parties from East Florida Seminary Saturday, one party going to the Devil's Millhopper, the other to Warren's Cave. Mrs. H. H. McCreary chaperoned to the millhopper, while Mrs. Jere M. Pound took charge of the young people who went to the cave. Both parties report a most enjoyable day.

The friends of C. B. Hodges will regret to learn that he is confined to his home, North University street, with la grippe. It is to be hoped that he will soon be enabled to resume his duties as foreman of the paint department of the Atlantic Coast Line at High Springs.
